

# MNT<sup>e</sup>SIG Industry Working Group

Caitlin Cramer – Ivy Tech  
&

Matthias Pleil – SCME @ UNM

*This material is based on work supported by the National Science  
Foundation grant 1700678 and 2000281*

## MISSION

The MNT<sup>e</sup>SIG Industry Working Group supports knowledge exchange between industry and academia to grow the micro-nanotechnology (MNT) technician workforce pipeline and increase enrollment in MNT education.

GOAL

Create  
Deep Industry Education  
Alliances  
to  
Support Student Success

## FOCI

1. Establish a strong and engaged Business & Industry Leadership Team (BILT)
2. Create and implement program activities to connect companies with students
3. Align MNT Education with Evolving Industry Needs

JOIN OUR TEAM AND BREAK OUT SESSION!

What we've accomplished!

Review of KSA project!

Industry Mapping!
