MNTeSIG
MICRO NANO TECHNOLOGY
education
SPECIAL INTEREST GROUP

MNTeSIG
Industry Working Group

Caitlin Cramer – Ivy Tech
&
Matthias Pleil – SCME @ UNM

This material is based on work supported by the National Science Foundation grant 1700678 and 2000281

MNT-EC
Micro Nano Technology Education Center
Pasadena City College

SCME
Support Center for Microsystems Education

MISSION

The MNT^{e}SIG Industry Working Group supports knowledge exchange between industry and academia to grow the micro-nanotechnology (MNT) technician workforce pipeline and increase enrollment in MNT education.

GOAL

Create Deep Industry Education Alliances to Support Student Success

FOCI

1. Establish a strong and engaged Business & Industry Leadership Team (BILT)

2. Create and implement program activities to connect companies with students

3. Align MNT Education with Evolving Industry Needs

JOIN OUR TEAM AND BREAK OUT SESSION!

Industry Partnership Models!

Review of Microsystems KSAs!

Industry Outreach Materials!
