

Industry Sub-team

MNT^eSIG Live!

7/27/2020

Mission Statement

The MNTeSIG Industry Team supports knowledge exchange between industry and academia to grow the micro-nanotechnology (MNT) technician workforce pipeline and increase enrollment in MNT education.

Who Are We?

Caitlin Cramer

Todd Christenson

Kathleen Alcott

Jim Marti

Jared Ashcroft

Matthias Pleil

Demis John

John Wood

What We've Done

- Establish Goals, Objectives & Tasks
- Align with MNT-EC
- Industry Mapping

MNT-EC Industry Focus Group Goal

Create deep industry/education alliances that support student success from the micro- and nanotechnology field

Industry Sub-Team Objectives

1. Establish a strong and engaged Business Industry Leadership Team (BILT) with diverse regional and industry representation for MNT-EC/ MNTeSIG.
2. Create and implement a diverse program of activities that will connect companies with future technicians.
3. Ensure alignment of MNT education with evolving industry needs.

Industry Mapping – We Need Your Help

Where We Are Going?

Objective #1

- Identify top Industry Knowledge, Skills and Abilities (KSA's)
- Recruit BILT members
- Launch BILT

Where We Are Going?

Objective #2

- Collect ideas for programs to connect students and industry.
- Prioritize 2-3 activities to work on for the 2020-21 academic year

Where We Are Going?

Objective #3

- Define and implement a process for identifying and engaging new industry partners.
- Partner with the MNTeSIG Curriculum and Outreach Sub-Teams to coordinate industry engagement, input and curriculum development.
